Compassionate Care

Mark & Sylvie's Home Care is an approved provider of government funded Home Care Packages. It is run by doctors who are passionate about caring for older people and helping them to stay living at home safely and healthily.

We use the latest software and video telehealth to keep you informed and connected with your GP. Our friendly team of industry-qualified professionals can assist you with a variety of services.

Integrated Care

We know it can be difficult to navigate the complex healthcare system on your own. Our friendly staff will coordinate with your medical providers to ensure an integrated experience so you can focus on getting the care you need.

We focus on helping you stay in regular contact with your general practitioner. Working as a team in this way is by far the best approach for your care.

We can further assist you in accessing telehealth services so you can consult a healthcare professional by video or phone in the comfort of your own home. Enjoy access to a team of:

- General practitioners
- Geriatricians
- Medical specialists
- Allied health professionals

Nursing

Our enrolled and registered nurses can assist you with wound dressings, dispensing medications and administering injections.

Domestic Assistance

Domestic assistants help you with jobs around the home, such as cleaning and laundry. We also offer spring cleaning and window cleaning.

Personal Care

Our personal carers can help with activities of daily living, such as bathing and dressing. They can also provide companionship, or help with shopping and transportation for appointments.

Home Maintenance

Your Home Care Plan allows for reasonable modifications to your house, to improve the safety of your home.

Light Gardening

We have gardeners who can mow your lawns and tidy up your garden. For larger scale jobs involving big trees, we can engage our trusted contractors.

Meal Preparation

Our carers can help you prepare and cook meals, or arrange for them to be delivered from a provider like Lite n' Easy.

Make the switch!

If you're unhappy with your current provider, it's easy to switch to Mark & Sylvie's. Ask us how.
